No Connections.

Owing to a change in the C. & O. time table, all connections by rail between this city and Mt. Sterling have been cut off. The most of our people like to trade at Mt. Sterling, but will now find it very inconvenient to do so unless they own a rig and drive through like many are already doing.

Reed Bros' Show.

Reed Bros. show exhibited here Monday afternoon and at night and was well attended by the town people. It was not extensively advertised so the crowd from the country was slim. The show was small but those who attended said they had a very nice clean little show.

Irvine Now Local Option.

Irvine is now a dry town the local option voted in that town last year, went into effect last Wednesday and the saloons are closed now for the first time in twenty years.

Wait for Dr. O. W. McIntire, dentist, to doctor your teeth. At Clay City from July 23 to 28 inclusive.

Hager at Mt. Sterling.

Hon. S. W. Hager, Auditor of the State, delivered an address opening his campaign for Governor at Mt. Sterling before a good crowd Monday. He declared in favor of Bryan for President and stated he was the David who would slay the giant in 1908.

He charged the Republican party with compromising with crime, and stated that Roosevelt was a disciple of Democratic doctrine. He said that when Kentucky was given over to the Democrats the State was one million in debt with a tax rate of 52 1/2 cents; that since that time the debt had been paid, school months increased to 6 months, \$15,000 appropriated to State College, \$15,000 appropriated to children's home, \$75,000 appropriated to St. Louis exhibits, \$322,280 given to asylums and penitentiaries, \$57,600 appropriated to Confederate Home and tax reduced to 50 cents.

He said further that the building of the new Capitol to cost \$1,250,000 would be accomplished, and paid for without any increase of taxation, and that he approved of all appropriations as well as the paying of \$40,000 for architectural work instead of a "cheap John" job.

New Banks in Kentucky.

There were sixty new National banks organized in Kentucky the past year with a combined capital of \$4,173,000.00. While this is true the deposits in all the old banks have greatly increased. Truly, Kentucky is a grand old state and getting better every day.

Buys Both Stores at Rosslyn.

Robert Blackburn and John Hardwick, of Stanton, have bought both stores at Rosslyn and will convert one into a furniture store and will run the other as a general store. These wide-awake merchants are getting ready for the trade caused by the new Stanton Cement plant.

You can't forget the date of the Winchester Elks fair if you try—July 25, 26, 27.

Work on Telephone Line.

Work on the new telephone line between Clay City and Stanton is in progress, and the line will soon be ready for use. The poles are about set and the cross arms will soon be put on. When completed, this line will be of great value to the two towns and county as well.

Take your vacation at the Elks fair July 25, 26, 27. A clean refined fair full of fun and frolic.

The School Per Capita.

Superintendent of Public Instruction Fuqua has fixed the per capita for the ensuing school year at \$3.30 the largest amount ever paid for the public education of school children by the common school fund in Kentucky.

Am prepared to do custom grinding every day during the week. Meal guaranteed to be first class. Bring your turn and give me a trial.

Everything Right But the Price.

The yield of wheat in all parts of the State is good, the quality is good, but the price, 72 cents, is not satisfactory and many farmers are preparing to hold their wheat until satisfactory prices can be realized as they claim the mills have conspired to keep down the prices.

Will Sue for Back Tax.

Pendleton and Bush, leading attorneys of Winchester, were here yesterday counseling with the city authorities regarding the collection of several thousand dollars back tax from different concerns alleged to be due the city.

Graded Schools in the Country.

Joseph H. Fuqua, Superintendent of Public Schools in Kentucky, has sent to the County Superintendents of Schools pamphlets giving a graded course of study and a programme for daily recitations for the common schools.

Dr. W. O. McIntire, dentist, will be at Clay City to practice his profession from July 23 to 28 inclusive.

Louisville Gets the State Fair.

The State fair, for which a liberal appropriation was made at the last session of the Legislature, has been permanently located at Louisville. Lexington was the only city outside of Louisville that made a bid for the fair. It should, by all means, have been located at Lexington, the center of the live stock industry of the State, the metropolis of the Blue grass, and the only city in the State where the fair has ever been a success.

C. E. Cell, who superintended the construction of the Broadhead-Garrett saw mill and planing mill, has been employed by this company again. Mrs. Cell is sick and in the hospital which prevents her being with her husband, but will come here soon as she is able.

Jas. A. Wallace, of Irvine, is spoken of as a Republican candidate for Congress.

Jas. F. McKinney bought a number of shotes and stock hogs last week by the head.

W. J. Christopher, bought a bunch of forty-five pound shotes of Johnny Wright at \$2 50 per head.

Wm. Edge visited his Uncle Steve White, near Rice Station, one day this week. Mr. White is ninety-seven years old and is now fast declining in health.

The rats are very numerous in this section, and several have been killed. A few days ago a raid was made on them in one of H. F. Christopher's corn cribs and 150 rats killed. It is thought that more which escaped in the weeds were killed by the dogs.

Value of Newspapers.

"I never took a paper that didn't pay more than I paid for it, says the noted Bill Arp. One time an old friend of mine way down South started a newspaper, and sent me a copy and I subscribed for it just to encourage him, and after awhile it published an order to sell a lot at public auction. So I inquired about the lot and told a friend to run it up to \$50. He bid off the lot at \$38 and I sold in less than a month for \$100, so I made \$62 clear by taking the paper.

My father told me that when he was a young man he saw a notice in a paper that a school teacher was wanted away off in a distant country, and he went and got the situation, and a little girl was sent to him, and after awhile she grew up sweet and beautiful and he married her. Now if he had not taken that paper what do you suppose would have become of me? I would have been some other fellow, or maybe wouldn't have been at all."

Judge James Hargis and ex-Sheriff Ed Callahan were acquitted at Beattyville Tuesday of the charge of conspiracy to murder J. B. Marcum at Jackson two years ago.

J. B. Eaton has a new advertisement in this issue that should be read by everyone who wants to save money when they buy their goods. Don't forget to give this store a look through, it will make a stingy man smile when he learns the prices.

The talent of success is nothing more than doing what you can do well and doing well whatever you do, without a thought of fame.

ANNOUNCEMENTS.

We are authorized to announce A. F. BYRD, of Clark county as a candidate for Congress from the Tenth Congressional district, subject to the action of the Democratic party.

Iron Into the "Tigers' " Heart.

Just before adjournment, Congress passed a law which drove the iron into the heart of the "tiger" man. It was a law directing U. S. Collectors of Internal Revenue to furnish to Commonwealth and County Attorneys, upon application, certified copies of liquor licenses issued by them to persons in local option districts. This, in connection with the Kentucky Statute making the possession of a Government license a prima facie case of guilt of violating the local option law, will make conviction easy. Heretofore Collectors have declined to furnish such proof toward convicting "tigers." When it is remembered that there are more "blind tigers" in the State than there are licensed saloons, the importance of this law will be realized. Congress should go a step further and declare that a Government license shall not be issued at all to anyone in a local option district. Then the "tiger" would be good and dead, or dead and good.—Frankfort Journal.

We receive every week a column or two of matter in the interest of some candidate for some State office which they will allow us to publish. Our space of course is always crowded except when a bill is called for. One candidate was more liberal than some, when he sent his announcement of a column and a half in length for us to publish, he said that he would return the favor by subscribing for our paper. He is not yet on our list.

Senator J. C. S. Blackburn is expected to announce for Governor in a few days. Mr. Blackburn will make a strong candidate, for truly he is a deserving Democrat, and as he has borne the burden of the party so long, it hardly seems fair to turn him down.

Our able Congressman the Hon. Frank A. Hopkins was in the city Tuesday mixing with his friends. Mr. Hopkins is not a candidate for the nomination but would accept it. He has made a good Congressman and is a very strong man in the district.

The Congressional race in this district doesn't seem to be so exciting this time. The County mass conventions will be held at County seats on the 28th, Saturday a week. Don't forget to be on hand and support your man, you certainly have a choice from among so many candidates.

Those of our readers who have relatives and friends in foreign countries will be pleased to know that a reclassification of mail for foreign countries has been established, whereby articles may be sent to those countries at the rate of 12 cts. per pound. The weight of the package must not exceed four pounds and of the value of fifty dollars. It formerly cost \$1 60 to mail a four-pound package, which we can now send for 48 cents. This, however, applies only to articles sent to foreign countries. The express companies own enough Senators and Congressmen to prevent the establishment of a parcels post in this country. What a shameful state of affairs.

Dr. Bertram Smith, the "Old Reliable" Powell County Dentist, will be at his Clay City office August 1st and remain one month.

Why patronize beginners when you can get the service of a Dentist of nearly 16 years experience. Clay City has another case of 16 to 1, and Bryan says 16 to 1 is not the issue this year. A word to the wise is sufficient.

Write for appointments, Box 225, Clay City, Ky.

There is nothing more provoking than an incorrect time piece. If you have a watch or clock of this kind take it to Webb, Clay City's Jeweler and silver smith, and let him fix it. All work guaranteed.

OUR BIG CLUBBING OFFER.

By special arrangement with the Southern Agriculturist, the popular semi-monthly farm paper of Nashville, Tenn., we are able to give our readers the advantage of a clubbing offer which we believe is the most liberal ever made by any newspaper in the South.

In the first place, we will send the Times and Southern Agriculturist a whole year to any new or old subscriber who pays us 60c.

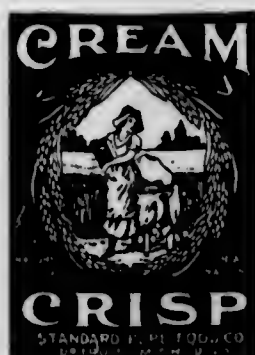

This great semi-monthly farm paper goes twice every month into 50,000 southern homes, and the regular price is 50 cents a year. It is edited by southern men and women to suit southern conditions, and is just what our farmers need. It answers free of charge any question a subscriber may ask, and its advice is given in a plain, practical way which any farmer can understand. All departments of farm life are covered, including delightful home and children's pages. Sample copies at this office.

Sweet Potato Plants For Sale.

Two leading varieties Sweet Potato Slips for sale. Immediate delivery. J. W. MIZE, Vaughn's Mill, Ky.

Has it Occurred To you why....

So many wheat flaked foods have come and gone? Lack of quality of course. The richness that is distinctively noticeable in Cream Crisp gives it a taste quality unequalled. This accounts for its growing business.

Start now and get full value for your dime. Ask your Grocer and accept no substitutes.

How are You?

Did you overdo "The Fourth," get your fingers shot off, or drink too much lemonade, or have too big a time generally? We are always glad to see the Fourth of July come, and we are glad when three days following are past and we have recovered from the attack. It's going to be quiet in store life during July compared to the regular season, but this will look very busy compared to the ordinary shops. Too many farmers coming to see us now for us to get so awfully idle. We are going to give some bargains in July, too, some pushing prices that will naturally force business. It's not so much the profit we make now as it is to run the stock down to a healthy ebb. We just wont have out-of-season goods lying around. Nearly everything in the store has a bargain price on it, and we want you to be sure and come in at least one day this month.

BEAUTIFY YOUR HOME WITH Kinloch PAINT

READY TO MIX NOT READY MIXED

Important Memorandum—The painter at the most important factor in painting. A job completely done by a good painter will be the best quality of paint, costing only \$40.00 (50c per gallon, \$10.00 per barrel) and last five years. The same paint applied by a dabbler (\$30.00 per gallon, \$30.00 per barrel) will last only one year. This is the "get-you-into" of the good painter's job at \$15.00—the poor painter's \$30.00.

A small investment in paint adds greatly to the value and beauty of your property and makes you a "good neighbor" by making a good neighborhood. Good painting is one of the best investments and pays big returns in improved values. It's a saving, not an expense. But when you paint—buy only

Kinloch HOUSE PAINT

There's one indisputable reason why, a reason every honest painter will acknowledge—"The Oil is the Life of Paint," and the sure way to get good oil is to buy it fresh and pure from the dealer's barrel, not from the ready-mixed paint can. The paint that is ready to mix with linseed oil, gallon for gallon, is KINLOCH PAINT, and we recommend its use for every good reason we know.

Frank B. Russell, of Louisville, was in the city yesterday.

A. P. Steele, of Sardis, Miss., was in the city a few days last week.

There are seventeen cases of fever in Stanton and two deaths to date.

G. W. Everman, of Right Angle, was transacting business in the city Tuesday.

Maud and Si and the whole family will be at the Elks Big Fair at Winchester July 25, 26, 27.

Mrs. J. E. Cox, of Bowling Green, is the guest of Mrs. M. H. Courtney and Mrs. B. Littlepage.

Mr. and Mrs. J. E. Webb are the proud parents of a new girl which arrived at their place Friday, July 13.

We had a fine rain on Tuesday. Up to then it had become very dry and crops were beginning to suffer.

Mrs. Emma Parr, of Cincinnati, Ohio, is visiting her mother, Mrs. John Parr at Waltersville.

Misses Louise and Kitty Reed, of Cynthiana, are visiting their cousins, Misses Mary and Grace Shinnfessel.

Misses Mary Shinnfessel and Mary Graham Eaton visited relatives and friends in Mt. Sterling Friday and Saturday.

The crop shooters finished up their game last week on the streets. The ditches they cut will help wonderfully next fall when the rains begin in earnest.

Our fine baseball park, finished a few years ago at considerable expense, has this year been planted in corn and is growing a fine crop of this staple commodity.

Dr. Courtney McGuire, late graduate of the Kentucky School of Medicine, is home for a few days. Dr. McGuire is thinking of locating in Louisville to practice medicine.

From the report of the Estill Herald some one has been after the Irvine flock of dogs in a wholesale manner and many valuable dogs as well as worthless curs, have found the poison on the street.

Mr. C. S. Hardin was called home the last of the week occasioned by the death of his father at Monterey, Owen county. Mr. Hardin's many friends in Clay City greatly sympathize with him in this sad bereavement.

"Smitties" famous military band of Cincinnati will furnish the music for the Elks Big Fair at Winchester July 25, 26, 27.

TO CURE A COLD IN ONE DAY
Take LAXATIVE BROMO Quinine Tablets. Druggists refund money if it fails to cure. E. W. GROVE'S signature is on each box. 25c.

Dr. W. O. McIntire, dentist, will be in Clay City to practice his profession from July 23 to 28, inclusive. Any one needing dental work is invited to call and see him at A. E. Barnett & Son's store.

Mr. and Mrs. A. T. Whitt, of Clay City were here Sunday to visit their parents and friends. While here, they were the recipients of many congratulatory messages on the occasion of their recent marriage. They begin life together with the best wishes of all Morehead people to whom they belong.—Morehead Mountaineer.

Mize--White.

Mr. Charlie Mize and Miss Mary White, prominent young people of this city, were married at the residence of the bride's mother, Mrs. Durrett White, in this city Saturday evening July 14th, the Rev. R. A. Irvin officiating. They went to housekeeping across the river from Clay City near the mouth of Brush creek Monday.

From Sears & Roebuck.

A man in a neighboring county, who patronizes the mail order houses when he has the cash, allows the children to play with the big catalogues, says an exchange. One morning the nurse came out and told him there was a new baby in the house. "Who brought it?" asked the child. The nurse told them it just came. "Oh, I know," said the little tot. It's a Sears & Roebuck baby, and I bet it is adulterated just like the pepper and strawberry jam was, and papa will have to keep it because he sent the money in advance.

Twenty Year Battle.

"I was a loser in a twenty year battle with chronic piles and malignant sores until I tried Bucklen's Arnica Salve; which turned the tide, by curing both, till now a trace remains," writes A. M. Bruce, of Farmville, Va. Best for Ulcers, Cuts, Burns and Wounds. 25c at Swann-Day Lumber Co's store.

Must Know How to Cook.

Under a new law in Norway every would-be bride must know how to cook. In that country a dyspeptic is regarded as a natural curiosity, while over here they are the rule rather than the exception. By all means let us have the Norway law and a nation full of good cooks, which will do more to reform vice than all the efforts put forth by the professionals. It is bad food and bad cooking that is making us a nation of grafters and filling the country with dyspeptic cranks. No people can be sane whose stomachs are sore and tender.

Only 82 Years Old.

"I am only 82 years old and don't expect even when I get to be real old to feel that way as long as I can get Electric Bitters," says Mrs. E. H. Brunson, of Dublin, Ga. Surely there's nothing else keeps the old as young and makes the weak as strong as this grand tonic medicine. Dyspepsia, torpid liver, inflamed kidneys or chronic constipation are unknown after taking Electric Bitters a reasonable time. Guaranteed by Swann-Day Lumber Co's store. Price 50c.

If you want to always be on time keep your watch in good repair. See Webb.

A Tragic Finish.

A watchman's neglect permitted a leak in the great North Sea dyke, which a child's finger could have stopped, to become a rainous break, devastating an entire province of Holland. In like manner Kenneth Melver, of Vanceboro, Me., permitted a little cold to go unnoticed until a tragic finish was only averted by Dr. King's New Discovery. He writes: "Three doctors gave me up to die of lung inflammation, caused by neglected cold; but Dr. King's New Discovery saved my life."
